## Worth Remembering.

School Teacher—Can anyone tell why the name "Seattle Brewing and Malting Co." is like the alphabet?

Tommy—(Whose mother keeps "Rainier" Beer at home)—"Yes, I know; because it has twenty-six letters in it." She don't need a physician any more. Rainier is all the tonic she needs, and can be had at the Criterion saloon.

## Business Men Appreciate Them.

A business man is quick to appreciate any labor-saving device. The business men who are the most successful, use a typewriter. They find that they can accomplish more and better work. No progressive business man, once acquainted with the usefulness of a typewriter, could be induced to change. The Peerless typewriter is a modern, up-to-date machine. Strong, simple, durable. Call or write for catalogue.

### YACHTING FATALITY.

RYDE, Isle of Wight, Aug. 19.—The inquest was held today upon the remains of Baron Moritz Curt von Zedtwitz, the German yachtsman killed yesterday in a collision between Emperor William's yacht Meteor and Zedtwitz' yacht Isolda. The commander of the Britannia expressed the opinion that the Meteor ought to have given the Isolda a wider berth, and thought there had been an error in judgment.

Capt. Gomez of the Meteor denied having infringed the rules. He said there would have been plenty of room to pass had not the Saint struck the Isolda and shoved the latter out of her course and across that of the Meteor. The collision with the Isolda could not be avoided except by colliding with the Britannia, which, he explained, would have resulted in a far more serious smashup. The jury rendered a verdict of nobody to blame.

### DR. BROWN AGAIN.

SAN FRANCISCO, Aug. 18.—Mattie Overman, the red-haired innamorata of Rev. Charles O. Brown, has made her fourth statement. This time it is a confession, and its result will probably be the expulsion of Brown from the Congregational ministry.

Its charges are so definite and of such a nature that the Bay Conference feels that it must again take up the scandal. In such an event it is almost certain that every connection of Dr. Brown with the Congregational ministry will be finally severed.

### ENCOURAGEMENT.

CHICAGO, Aug. 18.—Senator Thurston of Nebraska came to Chicago from the West today, visiting the Republican headquarters. He let loose a cyclonic amount of encouragement. "As far as I can judge," he said, "the conditions are altogether favorable for a Republican victory. But I am free to say that a vigorous campaign must be kept up until election day to accomplish what we hope and confidently expect to achieve." Mr. Thurston also claims Nebraska for the Republicans.

### WEYLER'S DEVILTRY.

HAVANA, Aug. 18.—There is one thing that seems to go unnoticed by the civilized world. Many men are shot and hacked down every day as the result of summary judgments and Weyler's decrees. The summary judgment is an outrage upon the nineteenth century. It is a judgment given without the defendant's having been

allowed to plead. It is enough for three or four persons to say that they saw a man at a meeting place on a certain day. He will be condemned because, as I say, he is not permitted to plead.

### SHERMAN ON TARIFF.

CINCINNATI, O., Aug. 19.—The Republican campaign was opened here today by Senator Sherman and other speakers. Senator Sherman argued that the present depression was due to the Gorman-Wilson tariff, which was still a law, and which not only cut off the Government's revenue, but also depressed home industries. He held that prosperous times existed under the McKinley law and would come again under McKinley and a congress in accord with him, while panic, ruin and distress would follow if the Gorman-Wilson tariff law remained in force and free silver was added to the mistakes that had been made.

### OLD SOLDIERS.

Y., extending greeting and announcing that the National Convention of the Union Veteran Legion in session there would be addressed by General Sickles on the duty of the soldier in the present national emergency.

### THURSTON BELIEVES.

CHICAGO, Aug. 19.—"Mr. Bryan's word goes with me and I shall be glad to say so to the people of this country," said John M. Thurston of Nebraska after reading the out-footed denial of W. J. Bryan that he is or has been in the employ of silver mine owners. Mr. Bryan has denied the charge which was made by a Democratic newspaper, and I have no hesitation in declaring that I believe him.

### SILVER EFFECTS.

WASHINGTON, Aug. 19.—The effect of the free silver campaign is making itself felt in business circles here. Nearly every contract made, even to the renting of houses is furnished with a clause providing for the payment in gold of any moneys involved.

NEW YORK, Aug. 18.—This letter has been received from one of the ablest lawyers in Havana: "The situation here is more or less the same as last May. The Spanish newspapers profess to believe that events in July are proof that the insurrection is dying out. You must not pay attention to this. They say it is because they need to stir up the Spaniards' spirits, which already are below zero. Far from abating, the importance of the rebellion grows. The economic situation is unbearable, and this causes sorrow, misery and despair among the heretofore confident Spanish."

This inclusion of the "settled districts" has been the chief obstacle in the way of arbitration.

### NO CLAIM.

MADRID, Aug. 18.—The Epoca semi-officially denies that Spain is preparing a bill of damages against the United States.

### SUGAR BEETS.

MONTEREY, Aug. 17.—Reports from the landowners of this county show that nearly 15,000 acres have been pledged for the growing of beets.

### HEARST OR PULITZER.

BOSTON, Mass., Aug. 17.—The Boston Journal will publish tomorrow morning a remarkable dispatch from Rochester, N. H., to the effect that a famous Cuban filibuster, mentioned in press reports all over the country as dead, is alive and well, and that he is going to head the greatest filibustering expedition ever sent out of this country, which will leave New York city equipped at the expense of the proprietors of one of New York's greatest daily newspapers, one of the most conservative and wealthy journalists in the world.

### AMAZING DEATH RATE.

NEW YORK, Aug. 17.—Notwithstanding largely increased forces of grave diggers, working day and night, graves could not be supplied to fill the demand at the cemeteries Sunday. There was also a shortage of hearses, and it was necessary to borrow from other cities. There were 450 funerals in New York during the day and over 200 in Brooklyn. Friday, Saturday and Sunday saw more burials than any seven days of which cemetery book-keepers can find a record.
